To help identify the pipe material, scratch the service line with a coin in the scratch area shown on the image to the right. What color is the area you scratched?

**1. Type of Water Pipe (Inlet side the meter)
(Check one)**

- Lead—shiny silver color
- Galvanized—dull gray color
- Copper—tarnished penny color
- PVC—gray or white color

2. Type of Water Pipe (Outlet side of the meter) (Check one)

- Lead—shiny silver color
- Galvanized—dull gray color
- Copper—tarnished penny color
- PVC—gray or white color

3. If you have a copper service line(s), is lead solder used at any connection points? Yes No

4. If known, has the plumbing been replaced or renovated in your home? Yes No

5. If yes, what year was the plumbing replaced? _____

If you are unsure of your water service type, please call City Hall at 815-777-1050 to schedule an inspection by our Water Department personnel.

Please return survey by **August 13** to City Hall, 101 Green Street, or email to mjoldenburg@cityofgalena.org. Thank you for your participation.
