

CITY OF GALENA, ILLINOIS

101 Green Street, PO Box 310, Galena, Illinois 61036

MEMORANDUM

TO: Honorable Mayor Renner and City Council

FROM: Andy Lewis, City Engineer *ALewis*

DATE: 24 July 2017

RE: Repainting Green Street Bridge Railings
Approval of Quotes

Request for quotes to clean and repaint the railings and light columns on the Green Street footbridge and approach stairs, and Hill Street light columns were sent to two contractors, but only one - All Star Power Wash responded, detailed as follows:

Project Item	Quote \$
Railings to Green Street footbridge, landings and stairs	9375.00
Light columns (13) to Green Street footbridge, landings and stairs	1300
Light columns (6) on Hill Street between Prospect and High Street	510
TOTAL	11,185.00

The quote from All Star Power Wash represent the best value option and includes power washing, removal of corroded areas and application of epoxy primer and top coat. This company completed repainting of various structures in Galena during the past few years.

Proposed work can be funded through the Public Works painting budget which contains \$17,000.

I recommend the city council approve the quotes from All Star Power Wash to clean and repaint the Green Street bridge railings and light columns and Hill Street light columns for a sum of \$11,185.
