BID DOCUMENT CLARIFICATION BASED ON QUESTIONS RECEIVED

1. Means and Methods | Defining specifications of sandblasting or removing paint for an acceptable painting surface

A: In Addendum 1, we provided answers to questions asked in the bidding process defining methods for sandblasting. This addendum is to clarify that the contractor submitting the bid is responsible for defining the method to achieve the end result: creating a base that will provide optimal paint adhesion, painting the pool, and guaranteeing the outcome.

Contractors are asked to define the process, equipment, and expected outcome in the bid for city staff and city council to consider as they award the bid.

Contractors are required to comply with all OSHA, as well as state, local and federal safety and environmental codes.
