This project involves the replacement of sidewalk, curb, gutter and street surface at different locations through Galena. Each year a list of deteriorated areas is compiled, and city staff arrange for repairs to be completed on an 'as need' basis.

The summary table indicates Mike and Nick Sproule Construction have the lowest unit costs for items 1 to 3 and 5 to 6 - sidewalk, curb and gutter and street replacement; while Jackson Concrete is the lowest for item 4 – new curb and gutter.

I recommend the city council approves unit prices from Mike and Nick Sproule Construction for replacement sidewalk, curb and gutter and street surface (items 1 to 3 and 5 to 6) and approve Jackson Concrete for new curb and gutter (item 4).
